PROFILE

With the ultimate vision of making Dubai the world's leading commercial centre, investment hub and tourism destination, Dubai's Department of Economy and Tourism (DET) is mandated to support the Government in positioning the emirate as a major hub for global economy and tourism, and in boosting the city's economic and tourism competitiveness indicators.

Under this remit, DET is driving efforts to further enhance Dubai's diversified, innovative service-based economy to attract top global talent, deliver a world-class business environment and accelerate productivity growth.

Additionally, DET is supporting Dubai's vision to become the world's best city to live and work in by promoting its diverse destination proposition, unique lifestyle and outstanding quality of life, overall.

DET is the principal authority for the planning, supervision, development and marketing of Dubai's business and tourism sectors. It is also responsible for the licensing and classification of all types of businesses, including hotels, tour operators and travel agents.

The DET portfolio includes Dubai Corporation for Tourism and Commerce Marketing, Dubai Festivals and Retail Establishment, Dubai Industries and Exports, Dubai Investment Development Agency (Dubai FDI) and Dubai SME, as well as Dubai College of Tourism, Dubai Calendar and Dubai Business Events.

Fujairah is a tourist destination for the beauty of nature and its wonderful beaches and towering mountains and valleys, which hosts the historic forts and castles and ancient heritage and distinctive handicrafts and folk dances and heritage, which encourages to attract more tourists and visitors who likes the sun and the sea and the secrets of the marine life and the hunting and photographing.

Sharjah Commerce and Tourism Development Authority (SCTDA) was established in 1996 with the objective of promoting commercial and tourism activities in the emirate of Sharjah.

SCTDA is tasked with developing Sharjah's commercial and tourism sectors through various events and activities, and promoting the emirate at local, regional and international levels.

Working in coordination with other government departments and private sector entities, SCTDA carries out all activities necessary for promoting the emirate's tourism industry and achieving its goals. SCTDA's operations include:

Planning, laying out strategies, managing general policy, supervising comprehensive and integrated tourism-related programs, and providing all means available for commerce and tourism development through coordination with relevant authorities and departments
Promoting the emirate's tourist and historical attractions through activities and promotions
Serving as a comprehensive database for tourism leisure and entertainment activities
Promoting Sharjah as a distinct cultural, heritage and family tourist destination
Achieving commercial development and improvement of the tourism industry with the aim of attracting foreign investment, increasing tourist flow, increasing the number of hotel establishments and maintaining a high percentage hotel room occupancy across the emirate.

the local authority for the application of federal laws related to economic affairs, as well as the application of local decrees and orders related to the economy of the Emirate. According to the decree mentioned above; the Department was established and included the following sections:

Commercial Registration Section
Companies Section
Planning, Research and Statistics Section

In 1997, His Highness Dr. Sheikh Sultan Bin Mohammed Al-Qasimi member of the Supreme Council, Ruler of the Emirate of Sharjah, issued an Amiri Decree for establishing the Industrial Development Department.

In 1999, His Highness Dr. Sheikh Sultan Bin Mohammed Al-Qasimi member of the Supreme Council, Ruler of the Emirate of Sharjah, issued the Amiri Decree No. 5 for the establishment of the Economic Development Department. In accordance with the decree, the Economic Development Department and the Industrial Department were merged in the new department "Economic Development Department" which takes over the planning and implementation of economic development projects, as well as the preparation of laws and regulations, strategic plans and issuance of commercial, industrial and service licenses in addition to all the permits needed for those licenses and control over all the economic firms in the Emirate of Sharjah.

Being the first dairy company in the UAE, Al Ain Farms has undertaken a pivotal role in ensuring the finest food products to the people of the country. All our products are made with love, locally, in Al Ain, the heart of the UAE, and delivered fresh around the country on a daily basis.

Al Ain Farms plans to be a leader in the UAE food and beverage market by 2021. We have invested significantly in acquiring state-of-the-art production lines, enabling faster reach to market; have launched several new product categories; and have doubled our efficiency in the poultry business.

By the end of 2020, we will have more cows at a new farm in Al Ain area, which will increase our daily dairy output further. Previously known as mostly a dairy company, Al Ain Farms aims to become the number one local food company by the year 2021.

Agthia Group is a leading Abu Dhabi based food and beverage company. Established in 2004, the Company is listed on the Abu Dhabi Securities Exchange (ADX) and has the symbol "AGTHIA". Through Senaat, Agthia Group PJSC is part of ADQ, one of the region's largest holding companies with a broad portfolio of major enterprises spanning key sectors of Abu Dhabi's diversified economy.

The Company's assets are located in the UAE, Saudi Arabia, Kuwait, Oman, Egypt, Turkey and Jordan. Agthia offers a world class portfolio of integrated businesses providing high quality and trusted food and beverage products for consumers across the UAE, GCC, Turkey and the wider Middle East. More than 8,200 employees are engaged in the manufacturing, distribution and marketing various products such as: Water (Al Ain, Al Bayan, Alpin Natural Spring Water, Ice Crystal, VOSS); Snacking (Al Foah, Yoplait, Al Faysal Bakery & Sweets); Grocery (Al Ain Tomato Paste, Al Ain Frozen Vegetables, Al Ain Trading items); Processed Protein (Nabil Foods, Atyab); Flour (Grand Mills) and Feed (Agrivita)

Growing For The Better • Committed For The Better • For The Better of Everyone.

Essa Al Ghurair Investment L.L.C. (EGI) was founded by Mr. Essa Abdulla Al Ghurair in 2012, forming a board of directors comprising his four sons, bringing a wealth of experience from three generations of family enterprises. The EGI family members play a cohesive role, each with his own strengths, to manage the group's diversity.

EGI office is ideally located in the heart of Dubai, and its manufacturing facilities are strategically located at Jebel Ali Port, a global hub for international logistics, making it convenient for global business transactions.

RAK Ceramics is one of the largest ceramics' brands in the world. Specialising in ceramic and gres porcelain wall and floor tiles and sanitaryware we produce 110 million square metres of tiles and 5 million pieces of sanitaryware per year at our 20 state-of-the-art plants across the United Arab Emirates, India, and Bangladesh. Headquartered in the United Arab Emirates, we serve clients in more than 150 countries through our network of operational hubs in Europe, Middle East and North Africa, Asia, North and South America and Australia. Across our global operations we employ approximately 15,000 staff from more than 40 nationalities. We are a publically listed company on the Abu Dhabi Securities Exchange in the United Arab Emirates and on the Dhaka Stock Exchange in Bangladesh and as a group have an annual turnover of approximately US\$1 billion

As one of the largest manufacturing businesses in The Emirates, Ducab provides world-class solutions to the global energy sector. Since 1979, the company has expanded from its home market and now has a footprint in 45 countries across the Middle East, Africa, Asia, Australasia, Europe, and the Americas.

Today, Ducab operates six high-tech manufacturing facilities and manages its own research and development, and specialised testing laboratories. With an increasing focus on renewables, the company produces advanced copper and aluminium wire and cable products as part of its end-to-end energy solutions. Ducab HV provides power transmission solutions, while its metals business DMB (includes DAC) provides high-quality aluminium and copper industrial products to customers around the world.

Ducab employs just over 1,400 professionals across plants and offices in the Middle East region and contributes annual revenues of over \$1.5bn to the UAE economy. Through Senaat, Ducab Group is part of ADQ, one of the region's largest holding companies with a broad portfolio of major enterprises. Equally Ducab is owned by the Investment Corporation of Dubai (ICD), which is the strategic investment arm of Dubai managing a broad portfolio of assets across wide spectrum of sectors globally.

Dubai International Financial Centre (DIFC) is the leading financial hub for the Middle East, Africa and South Asia (MEASA), which comprises 72 countries with an approximate population of 3 billion and a nominal GDP of US\$ 7.7 trillion.

With a 15-year track record of facilitating trade and investment flows across the MEASA region, the Centre connects these fast-growing markets with the economies of Asia, Europe and the Americas through Dubai.

DIFC is home to an internationally recognised, independent regulator and a proven judicial system with an English common law framework, as well as the region's largest financial ecosystem of more than 25,600 professionals working across over 2,500 active registered companies – making up the largest and most diverse pool of industry talent in the region.

The Centre's vision is to drive the future of finance. Today, it offers one of the region's most comprehensive FinTech and venture capital environments, including cost-effective licensing solutions, fit-for-purpose regulation, innovative accelerator programmes, and funding for growth-stage start-ups.

Comprising a variety of world-renowned retail and dining venues, a dynamic art and culture scene, residential apartments, hotels and public spaces, DIFC continues to be one of Dubai's most sought-after business and lifestyle destinations.

*DIFC will never ask applicants for money transfers or payments of any kind for a job or internship. Applicants should be suspicious of offers of internships or jobs with DIFC if you have not had previous contact with us to discuss such offers, or if money transfer or payment of any kind, including advance payment for travel/visa/work permit, is requested. If you come across such offers, please escalate to info@difc.ae.

MoIAT aims to implement the vision of the leadership by enhancing the contribution of advanced technology to the sustainability of economic growth, raising the efficiency and competitiveness of the industrial sector in the country and supporting strategic industries that contribute to advancing the national economy and increasing the gross domestic product. #MadeInUAE

The Ministry of Foreign Affairs and International Cooperation reflects the bright face and character of the UAE's society. It serves as a window to the outside world, communicating the thoughts and vision of the UAE leadership, asserting the values of peaceful co-existence, and lending assistance to all those who might need it. Furthermore, the Ministry also the importance of attaining global peace and amicably resolving international disputes through dialogue and legal arbitration.

Through its embassies and diplomatic missions around the globe, the Ministry of Foreign Affairs and International Cooperation serves as the link between the wise leadership and people of the UAE and the rest of the world. The Ministry, strengthening friendship and closer ties with other nations, is working hard to safeguard the interests of Emiratis and promoting economic and cultural development and peace in the world. These efforts have earned UAE citizens considerable respect all around the world, and raised the image of the UAE on the regional and international stage.

We are the leading provider of worldwide smart end-to-end supply chain logistics, enabling the flow of trade across the globe. Our comprehensive range of products and services covers every link of the integrated supply chain – from maritime and inland terminals to marine services and industrial parks as well as technology-driven customer solutions.

We deliver these services through an interconnected global network of 181 business units in 64 countries across six continents, with a significant presence both in high-growth and mature markets. Wherever we operate, we integrate sustainability and responsible corporate citizenship into our activities, striving for a positive contribution to the economies and communities where we live and work.

Our dedicated, diverse and professional team of more than 56,000 employees from 140 nationalities are committed to delivering unrivalled value to our customers and partners. We do this by focusing on mutually beneficial relationships – with governments, shippers, traders, and other stakeholders along the global supply chain – relationships built on a foundation of mutual trust and enduring partnership.

We think ahead, anticipate change and deploy industry-leading digital technology to further broaden our vision to disrupt world trade and create the smartest, most efficient and innovative solutions, while ensuring a positive and sustainable impact on economies, societies and our planet.

Abu Dhabi Ports, part of AD Ports Group, owns or operates 10 ports and terminals in the UAE. Each facility is strategically located, harnessing sea, air, road and rail connectivity to provide gateways to global markets. We offer multipurpose, end-to-end solutions to our partners and customers enabling them to maximise growth opportunities and become truly global businesses. Our world-class infrastructure is being continually updated with the very latest technology to keep increasing our capacity and enhancing customer experience. Expansion of infrastructure combines with our strategic partnerships to help us drive global trade, while diversifying the economy of Abu Dhabi.

Based in Dubai, the Emirates Group employs over 103,363 staff from more than 160 nationalities. The Emirates Group's extensive and diverse international portfolio includes the world's largest international airline, Emirates, and one of the largest combined air services provider in the world, dnata. For the year financial year ending 2017-18, the Emirates Group posted a profit of AED 4.1 billion (US\$ 1.1 billion). Within the Group there are a diverse range of businesses which offer a wide spectrum of career opportunities, all of which can be explored through the Group's dedicated careers website, emirates.com/careers

Essential to the Group's ongoing success is the employment of high-quality people who benefit from living and working in Dubai, a modern cosmopolitan city offering one of the most desirable lifestyles in the world. The Emirates Group employees come from over 160 nationalities, receive tax-free salary and benefits package, and are offered professional development opportunities to further their careers with the organisation. If you are a high-performer, seeking a career challenge, personal and professional development, and reward and recognition for your contribution, then the Emirates Group is the perfect opportunity for you. To find out more about the career opportunities the Emirates Groups offers and how to become part of our future growth and rapid success

Etihad Airways is the national airline of the United Arab Emirates. We've come a long way since our journey started in 2003, and we're delighted to have been able to share our worldwide adventure with millions of passengers ever since.

We know that no traveller is the same, and that's why choice is at the heart of everything we do. When you choose Etihad Airways, you decide exactly how you want to fly. Multiple options, unlimited experiences.

We're also proud to call Abu Dhabi our home. The capital of the UAE is at the crossroads of the world, filled with rich heritage, captivating culture and breathtaking experiences.

The Abu Dhabi Investment Office (ADIO) is the central government hub fostering growth opportunities for innovative businesses of all sizes. We empower businesses to #BeUnstoppable and support their growth with a comprehensive range of tailored services and incentives to achieve long-term, sustainable success in the market and across the region.

Abu Dhabi Department of Economic Development (ADDED) regulates the business sector and leads economic initiatives to achieve knowledge-based, diversified and sustainable economic growth. This role is in line with Law No. 7 of 2018.

ADDED proposes the best policies based on the latest research and statistical data from local, regional and global indicators, to drive growth and diversity across various sectors that advance Abu Dhabi Economic Vision 2030.

The Department also prepares strategic programs by adopting the best economic and administrative practices, employing the best human resources and using the latest global technology and expertise in this area. It advances the economic interests of Abu Dhabi by cooperating with regional and international partners, creating smart synergies built on transparency, innovation and knowledge exchange. All this benefits the business ecosystem and makes Abu Dhabi's investment globally attractive. A competitive investment climate is further enhanced by promoting the emirate's business-friendly strengths worldwide.

Emirates Global Aluminium is the largest industrial company in the United Arab Emirates outside oil and gas and the world's biggest 'premium aluminium' producer. EGA is the heart of a broader aluminium sector which supports over 60,000 jobs and generates over \$5 billion annually in the UAE economy. Since 1979, EGA has taken the UAE from no aluminium production to the fifth largest aluminium-producing country in the world. EGA operates aluminium smelters and an alumina refinery in the UAE and a bauxite mine in the Republic of Guinea.

Launched by the Abu Dhabi leadership in 2006 with a mandate to advance renewable energy through education, R&D, investment and commercialization, Masdar is securing the emirate's continued leadership in the evolving global energy market. Comprised of three business units—Masdar Capital, Masdar Clean Energy and Masdar City—and complemented by the Masdar Institute of Science and Technology, the company's holistic model keeps it at the forefront of the global clean energy industry.

A wholly-owned subsidiary of the Abu Dhabi Government-owned Mubadala Development Company, Masdar is driving new sources of economic growth for the emirate and strengthening Abu Dhabi's knowledge-based economic sectors.

AMEA Power develops, finances, builds, owns, and operates renewable energy projects in Africa, the Middle East and Asia.

AMEA Power is led by a world-class management team of professionals with extensive and diversified experience in project development, finance and operations, and a successful track record in project execution.

The accelerating demands for reliable and sustainable power in Africa, the Middle East and Asia coupled with economic growth and development present a sound investment opportunity in power generation. AMEA Power is creating innovative and tailored solutions aimed at meeting these growing regional needs, while contributing to the regions' economic development. The AMEA Power team has also developed a deep understanding of the political and regulatory frameworks of target markets and is experienced in structuring projects to meet best-in-class industry standards in order to mitigate emerging market risks. Consequently, the AMEA Power team is uniquely positioned to deploy its resources, expertise and capital in a fast, efficient and responsible manner.

AMEA Power benefits from broad regional access and a strong business network of leading industry partners. Furthermore, the company enjoys privileged access to capital having developed long-term stable relationships with reputable investors and leading financial institutions, enabling it to promptly mobilize financing when needed.

Tawazun is the UAE defense and security acquisitions authority for the UAE Armed Forces and Abu Dhabi Police; driving economic value through the Tawazun Economic Program and initiatives, facilitating ecosystem growth and human capability development through global and local partnerships, and empowering technology & innovation through the defense and security R&D ecosystem.

The Industrial Development Bureau (IDB) was established with the aim of regulating and developing the industrial sector in Abu Dhabi per Law No. (8) of 2013. The IDB acts as a regulatory body for the industrial sector in Abu Dhabi. The IDB is also concerned with meeting the needs of industrial investors, planning and implementing the requirements and enablers of the growth of the industrial sector, and globally increasing Abu Dhabi's competitiveness as a destination for industrial investment.

About Al Hamra:

Al Hamra is the UAE's leading real estate development and investment company based in Ras Al Khaimah. The group is focused on creating premier lifestyle developments, while investing in hospitality, retail, real estate and related services.

The company unveiled its five-year roadmap, from 2023-2027, to drive sustained growth through strategic developments. This is aligned with the vision of Ras Al Khaimah's leadership to establish the Emirate as one of the leading investment, business, residential and tourism destinations.

Al Hamra has been instrumental in shaping the real estate landscape in the Emirate since its formation in 2003. Entities under the Al Hamra brand name include Al Hamra Golf Club, Al Hamra Marina & Yacht Club, Manar Mall, Al Hamra Waterfront, the Sailing Club of Ras Al Khaimah, the multi-award-winning Al Hamra Village and Al Hamra Real Estate Development. Leading hospitality brands featured at Al Hamra are Steigenberger Residences, MAXX by Deutsche Hospitality, Waldorf Astoria Ras Al Khaimah, The Ritz-Carlton Ras Al Khaimah, Al Hamra Beach and Sofitel by Accor scheduled to open in 2023.

Launched in November 2019, the UAE's EDGE is one of the world's leading advanced technology groups, established to develop agile, bold and disruptive solutions for defence and beyond, and to be a catalyst for change and transformation. It is dedicated to bringing breakthrough innovations, products, and services to market with greater speed and efficiency, to establishing the UAE as a leading global hub for future industries, and to creating clear paths within the sector for the next generation of highly-skilled talent to thrive. With a focus on the adoption of 4IR technologies, EDGE is driving the development of sovereign capabilities for global export and for the preservation of national security, working with front-line operators, international partners, and adopting advanced technologies such as autonomous capabilities, cyber-physical systems, advanced propulsion systems, robotics and smart materials. EDGE converges R&D, emerging technologies, digital transformation, and commercial market innovations with military capabilities to develop disruptive solutions tailored to the specific requirements of its customers. Headquartered in Abu Dhabi, capital of the UAE, EDGE consolidates more than 20 entities into four core clusters: Platforms & Systems, Missiles & Weapons, Electronic Warfare & Cyber Technologies, and Trading & Mission Support.

KARIBU Food general trading , is one of the leading food exporters of superior quality food and non-food products in the international markets. We offer an exceptional blend of premium quality ingredients and value-added service to our clients. With years of dedication, KARIBU prides itself for being a leading global partner to most of the distributors and manufacturers internationally.

ALSHAMSI TRAVELS is one of the leading travel agencies in the UAE. From a modest beginning in the 1980's, Al Shamsi Travels has grown in stature and business as a brand in the UAE market. With the unique blend of competitive pricing, global connection and our dedicated staffs, the company grow into one of the most prominent and respected business companies in the industry today. Over the course of almost 40 years in the travel business with exceptional service level, Al Shamsi Travels gained the trust of many reputable companies as well as Government entities to handle their travel requirements – business travel.

Sanad was born out of Mubadala Aerospace's renewed strategic focus on customer support through engineering and leasing excellence, underpinned by industry-leading reliability, innovation and technology. As a wholly-owned subsidiary of Mubadala Investment Company, Sanad builds on more than three decades of experience in the aviation industry. With its name deriving from the Arabic word for support, Sanad supports its customers where and when it matters most.

As an integrated service provider, we are perfectly positioned to maintain and lease your engines seamlessly, whilst still offering MRO services or leasing independently. And these two distinct divisions are Sanad Aerotech and Sanad Capital, respectively. Together, they form a unified brand that embraces and drives our strategy based on employing Fourth Industrial Revolution technologies.

Our complementary services in engine MRO and aviation leasing make us agile and well placed to offer greater support to our customers and our partners – enabling us to future-proof the businesses we serve.

The Higher Defense Council was established and it issued Resolution No. (1) on the day of the unification of the Armed Forces of the United Arab Emirates in May 1976. Since the unification decision, the Ministry of Defense has achieved many successes and pioneer steps in many forums. The Ministry of Defense is looking forward to opening new horizons for its strategic vision and its public policy in an efficient way through which it can keep pace with the global boom witnessed by the whole world. The Ministry of Defence is looking forward to the development and design of a modern policy and high-level strategy to achieve its main objectives. To achieve those important goals The Ministry has sought to modernize and improve its defense apparatus, review its role and establish the civil service, in line with the new phase witnessed by the United Arab Emirates in particular, the region and the world in general.

The importance of enhancing the role of the Ministry of Defense comes from creating standards and characteristics based on the Ministry's defensive capabilities. This can be done through reinforcing the forward-looking strategic vision, and strengthening its main role by enhancing its defense capacity, developing its strategic policies and affairs, creating institutional cooperation and establishing joint committees, and maintaining their independency. Then the ministry needs to enhance the application of policies by establishing a strategic oversight body, maintain and improve its effective role, and maintain interoperability in decision-making between the Ministry and the General Headquarters to reach the Ministry of Defense's main objective of preserving the earnings of the country and prepare to meet future needs.

Working towards enhancing preparedness and providing institutions with qualified professionals capable of dealing with modern day requirements and future challenges related to national security, defence, emergency preparedness and crisis management.

Alfattan Holding Investment was founded to establish projects through industrial partnerships and strategic investments to promote manufacturing capacities in the areas of defense and manufacturing technology to enhance investments in vital sectors and to achieve sustainable financial returns.

Dubai Airport Freezone was established in 1996 and is a dynamic business hub located at the very heart of Global Trade in Dubai. Dubai Airport Freezone (DAFZ) is one of the world's most innovative and advanced free zones in the UAE.

Benefitting from direct access to the world's busiest international airport, DAFZ offers the ideal gateway to the Middle East and unrivalled connectivity to Europe, the Indian Subcontinent, and the Far East.

DAFZ is now home to more than 2100+ registered businesses from over 20+ sectors and various industries with 20,000+ professionals, who benefit from a business-focused regulatory and tax environment that offers total ownership, full repatriation of earnings and a range of world-class facilities.

Our world-class infrastructure and strategic location in the heart of Dubai gives our clients the upper hand in their business operations. We provide full licensing support for customers starting their tax-free business in Dubai, as well as all-inclusive packages for setting up global business operations and foreign investment. The many benefits of joining the DAFZ business community include tax exemptions, investor incentives and a lack of currency restrictions – making DAFZ one of the world's most attractive economic growth opportunities

Dubai Healthcare City (DHCC) is a free zone committed to creating a Community of Choice for health and wellness. We have over 400 partners across clinical and non-clinical operations which benefit patients, medical travelers, students, investors, and visitors. DHCC is also home to the Mohammed Bin Rashid University of Medicine and Health Sciences.

The free zone is governed by Dubai Healthcare City Authority and regulated by the independent arm Dubai Healthcare City Authority – Regulatory whose quality standards are accredited by the International Society for Quality in Healthcare (ISQua).

Located in the heart of Dubai, DHCC comprises two phases. Phase 1 occupying 9 million square feet in Oud Metha is an established community dedicated to healthcare and medical education. Phase 2, an expansion that is under development occupies 19 million square feet in Al Jaddaf Dubai and is dedicated to wellness with its scenic location overlooking the wetland reserve Ras al Khor Wildlife Sanctuary and Dubai Water Canal that links the Dubai Creek natural seawater inlet of the Arabian Gulf.

DHCC offers a 'one-stop-shop' for investors, giving Business Partners the freedom to focus on their core operations including company incorporation, trade license, and visa services.

BUILT FOR BUSINESS. DESIGNED FOR LIFE.

We offer over 1,500 business activities and issue LLC-FZ licenses. We offer a community where you can work, live and play. Set in the heart of Dubai and only 15 minutes from DXB Airport, you're never far from the action.

Since its inception in 2002, DAMAC Properties has grown into the Middle East's leading luxury real estate developer for award-winning residential, commercial and leisure properties like DAMAC Hills, DAMAC Hills 2, DAMAC Lagoons, Cavalli Tower, AYKON City, Safa One and More.

DAMAC Properties has delivered 39,400 quality homes, with 28,000 upcoming projects spread across 3 continents.

From the UAE, KSA, Jordan, Qatar, Iraq, and Lebanon to the United States, United Kingdom, Canada and Maldives, DAMAC Properties is known to have redefined luxury living.

Reiterating this reputation are the 100+ global awards and exclusive collaborations and partnerships that DAMAC has consciously built which include a golf course by Tiger Woods Design, managed by The Trump Organization, and luxury homes in association with Versace, Just Cavalli, Paramount Hotels & Resorts, Rotana Hotels and Radisson Hotel Group.

Now with its latest acquisition of the Swiss Jewellery brand, de Grisogono, DAMAC is all set to step into futuristic living while carrying forward its legacy of exuberant and opulent lifestyle that is desired by all.

The Julphar story is one of innovation and leadership. Since our journey began in 1980, our goal has remained the same – to bring better healthcare and a brighter future to families across the globe. And in less than 40 years, we have expanded our network across the Middle East and Africa to become one of the largest pharmaceutical manufacturers in the region.

Headquartered in Ras Al Khaimah in the United Arab Emirates, we employ 2,500 people worldwide, and we market our products in more than 50 countries. We have 13 internationally accredited facilities that produce more than half a million medicine boxes a day, including tablets, syrups, suspensions, creams and injectables, and vaccines.

Julphar has an extensive portfolio of generic medicines, branded generics, and over-the-counter medicines, as well as APIs (active pharmaceutical ingredients). We develop and manufacture medicines and supplements for everything from the common cold to diabetes.

The Dubai Chamber of Commerce was established in 1965. It is a private non-profit organization whose mission is to represent, support and protect the interests of the business community in Dubai. It does so by creating a favorable business environment; supporting the development of business; and by promoting Dubai as an international business hub.

The Dubai Chamber of Commerce provides a number of services for its 245,000+ members including:

- Dispute resolution (mediation and arbitration)
- Issuing certificates of origin
- Issuing ATA Carnets
- Legal services
- Receiving foreign commercial delegations
- Organizing trade fairs and economic forums
- Organizing training programs for entrepreneurs
- Serving business groups and councils
- Credit rating services
- Contract drafting
- Business matching services
- Access to updated research and numerous reports
- International Business Network for international business wanting to set up in Dubai

Sharjah Chamber of Commerce & Industry was established by an Amiri decree issued in 1970 by His Highness the Ruler of Sharjah in order to effectively and vitally participate in the organization of economic life and the prosperity of its trade, industry and professions sectors on all levels and in cooperation with the concerned establishments and bodies and local departments.

Thus, the chamber is keen to include in its membership all the companies and establishments practicing economic activity in the emirate whether it is trade, industries or professions. It has been obligatory for the chamber to follow the economic and civilizational development witnessed by United Arab Emirates a matter that naturally requires change on the different services and activities of the chamber. The law No (1) of the year 1980 organizing the Sharjah Chamber of Commerce & Industry was issued too include the articles of association and the legal rules and provisions drawing the chamber's ambitious objects and set the means for its achievement through administrative and executive body having positions according to responsibilities.

In 2003 the chamber witnessed quantum and qualitative leap represented in His Highness the Ruler of Sharjah issuing a new law organizing the chamber and giving it wider fields and bigger jurisdictions in order to continue its route with positive contribution in all fields of economy and investment and to serve the community as a whole.

In 2007 the chamber's new organizational chart was approved and an administrative and executive body was set with positions as per the responsibilities, duties and the nature of services, activities and jurisdictions in the departments, offices and sections in a manner coinciding with the new economic boom.

Since 1980 the services and activities of the chamber has covers all cities in Sharjah City and accordingly the chamber in addition to the head office has four branches in the cities of Khorfakkan, Kalba, Al Dhaid, central area and Dibbs Al Hisn in addition to offices and services of the chamber in the model industrial area and the head office of Sharjah Economic Development Department and Sharjah free zones. There are also many other affiliate establishments and organizations working under the chamber's umbrella.

The chamber's board of directors supervises the execution of the general policy and is working on the means for the success of such policy and the reflection of the chamber's role in the local community. There are also some specialized committees made out of the board of directors to assume many specializations in the fields of trade, industries, professions and reconciliation.

The Arab-Hellenic Chamber of Commerce & Development is a non-profit organization established by Greek Law No. 990, on December 1st, 1979, followed by Presidential Decree No. 421 of April 1981, and operates under the umbrella of the Ministry of Development and Investments, in coordination with the Union of Arab Chambers, in cooperation with the Council of Arab Ambassadors accredited to Greece and with all the Arab Federations and Chambers of Commerce. Its Head Office is located in Athens, Greece. The scope of its business activities covers Greece and the whole of the Arab world.

In light of the global developments and the UAE's strategic plans, and in line with the State's policy to promote economic diversification, a group of UAE international investors proposed the establishment of a council bringing them together and coordinating action amongst them. Once established, members of such Council would have the opportunity to support investment decision-making as well as economic and political decision-makers at both economic and political levels in the country; by providing them with clear indicators and parameters of the ongoing developments in all areas of UAE investments worldwide.

During the second half of September 2009, a meeting was chaired by the then Ministry of Foreign Trade with a group of UAE companies with distinct investment presence abroad in various sectors such as: telecommunications, real estate development, energy and tourism. The meeting also included representatives from the Ministries of Foreign Affairs, Finance and Economy where the companies declared their desire and willingness for the idea offering support to the proposed council. As well, all attendees expressed their desire that UAE Cabinet provides the moral support to the Council represented in approving the establishment.

The UAE Ministry of Economy was established in accordance with Federal Law No (1) of 1972. The Ministry set out an ambitious growth vision aiming to achieve an internationally competitive and diversified economy driven by efficient and knowledgeable UAE nationals.

This vision is aligned to the goals outlined in the UAE Vision 2021.

The ministry playing a major role in facilitate an enabling business landscape and formulate business-friendly policies that would consolidate the UAE's reputation as a regional and global business hub. By Enactment of enabling financial legislations and updating of such legislations periodically to encourage as well as regulate the economic business environment.

Development of national industries and exports. Regulating the Small and Medium Enterprises (SMEs) sector and encouraging entrepreneurship. Protection of consumer rights and intellectual property rights.

In addition, coordinating economic, commercial and industrial plans and programs among the different emirates of the UAE. Encouraging national exports and facilitating the access of the UAE's exports to new markets through eliminating the obstacles that hinder growth. Attracting the seamless flow of foreign direct investment into the UAE through promotion campaigns focusing on the enabling investment environment and opportunities that the UAE offers.

Implementation and follow-up of multilateral and bilateral international and regional conventions such as WTO, multilateral and bilateral free trade conventions, as well as through continually monitoring developments at international organizations, entities and councils.

Part of the heritage of the UAE and one of the country's leading Dairy & Juice companies, we started our journey in 1989 on our farm in the heart of Dubai's desert in Al Khawaneej. Our life as a dairy farm began with 500 imported cows with a vision to become a market leader in fresh dairy and juice products. Consumer demand for our products grew steadily over the years which opened doors across the UAE & Oman. Our UAE dairy farm currently has over 17,000 cattle that operates around the clock with our production facility operating 24 hours.

An award-winning UAE-based company, we serve more than one million customers per day, and in 2020 celebrated our 30th anniversary. Our products are easily recognizable as they bear the words Home Made in the UAE. Innovation is at the heart of everything we do.

Al Rawabi plan to launch an environmentally friendly Biogas plant is done. Clean nature, care about environment, ecology, recycling, sustainability are Al Rawabi milestones. Al Rawabi farm as a first self contained farm in UAE is a foundation for Al Rawabi Dairy company in the future.

Al Rawabi currently produces 350,000 liters of dairy products and 150,000 liters of juice products per day. The Nation's Health is of paramount importance to us hence we ensure our products are fresh and always packed with health benefits. As Al Rawabi's dairy farm is located in close proximity to the dairy processing plant our products are delivered to your retail shelves within 24 hours.

From the beginning, we strongly believe in the power of nature, and everything we do is customer-centric. As one of the country's leading Dairy & Juice companies, we continue to promote a healthy lifestyle through superior dairy, bakery, meat, fresh juices and functional products such as Nutree Boost, Protein+ Milk, Vitamin D Milk, Super Milk.

Our tagline is the "Nation's Health" – by offering high-quality products that help with the rising deficiencies in the region – is to contribute to people having a healthy and happy lifestyle, which – in return – makes them productive members of society.

It's been an honor and a privilege to serve the nation for over 30 years. Our promise is to ensure the Nation's health.

Al Dahra is a prominent leader in the agribusiness; specializing in the cultivation, production and trading of animal feed and essential human food commodities such as rice, flour, fruits and vegetables. LIFCO International has a long history stretching back almost 100 years across three continents. The current incarnation of the group started in the United Arab Emirates in 1975. What began in retail, quickly expanded into manufacture, distribution, and marketing in the Middle East region and beyond. Through all this growth, LIFCO remains a family-owned business.

The diversified LIFCO Group has a turnover of AED 1.4 billion generated by three divisions. LIFCO is among the top three distributors in UAE for the global brands focused on UAE, Qatar, and Oman.

In addition to the food operation, the construction division operates five factories across UAE and Qatar, employing over 3,500 people.

Diverse food production

The food division employs another 1,500 people across Oman, Qatar, and the UAE.

Alongside facilities for retail and distribution in these three countries, LIFCO also operates three manufacturing sites in the UAE. One factory specializes in mozzarella and other types of semi-hard cheese. Maria's is LIFCO's own brand of cheese providing mozzarella, Emmental, Kashkaval, parmesan and cheddar products in the form of blocks, shredded and slices available in various sizes

Another UAE factory focuses on health food produced under the Soul Food brand, featuring a wide variety of healthy snacks, energy bars and protein bars. LIFCO produces a natural, sustainably sourced energy bar which is 100% gluten-free, lactose-free, sugar-free, rich in fibre and full of Vitamin A, D & E with no added artificial flavours or colours

Alongside this broad portfolio of food lines, LIFCO also operates the Joys brand in frozen French fries; Qahwati, a high-quality Turkish coffee; and the Il Nostro brand of coffee capsules blended using the best quality beans.

On the production side of the business, LIFCO has exciting development plans to match the emerging trends in the food market. One project is exploring the option of producing a dairy-free, vegan variety of mozzarella. Another plan involves gluten-free tortillas and the possibilities found in switching to coconut flour or almond flour.

Ethihad Airways Engineering is part of the Ethihad Aviation Group (EAG), offering industry leading aircraft maintenance and engineering solutions including airframe maintenance, component repair, overhaul services and technical training, with a team of around 2,000 professionals from around the world. We take pride in the reliability and on-time delivery of our services, and are driven by a dynamic culture of excellence in everything we do. We have vast experience in providing total maintenance solutions for Airbus and Boeing aircraft, offering light and heavy maintenance including, but not limited to, advanced composite repair, cabin refurbishment and component services around the clock from our facility adjacent to Abu Dhabi International Airport. Cutting edge processes and solutions are used at the facility from a dedicated centralised planning and control (CPAC) facility for heavy maintenance to automated tool management and live dashboards across the business to monitor the progress of every project in real time. Ethihad Airways Engineering is the first organisation in the Middle East to be granted an extended Part 21J Design Organisation Approval by the European Aviation Safety Agency (EASA) to undertake major cabin design and modification.

We are also the first MRO in the world outside Europe approved by European Aviation Safety Agency for Production Organisation Approval, under EASA Part 21G. Our investment in new technology, skills and MRO capability has enabled us to offer services for Boeing 787, Airbus A350 and Airbus A380 aircraft and we are building our capability for new platforms like the Boeing 777X to support the world's leading fleets. Through our years of experience in supporting fleets worldwide, we have gained robust expertise in managing entry and return of leased aircraft. New programmes are entering the market to serve the growing fleets of our customers worldwide. Situated at the very heart of one of the world's most prolific aviation growth markets, Ethihad Airways Engineering is spearheading Abu Dhabi's vision of being a global aerospace hub and playing a crucial role in supporting economic growth and diversification in the United Arab Emirates.

Ethihad Aviation Group is a diverse, global aviation and travel group made up of five business divisions: Operations, Human Resources & Organisational Development, Finance, Digital Technology & Innovation and Maintenance, Repair & Overhaul (MRO).

The General Civil Aviation Authority was established in 1996 by Federal Cabinet Decree (Law 4) to regulate Civil Aviation and provide designated aviation services with observance to the safety and security to strengthen the aviation industry within the UAE and its upper space. Since 1996 the Authority has made considerable progress and embarked on bold new initiatives to provide a better service to its civil aviation clients and stakeholders. Since 1996 many new projects and innovations have been initiated with generally excellent result, such as modernization of the air traffic control center program, Radar equipment and establishing of new facilities to serve the growth of the civil aviation within the UAE.
